

## SUBJECT: HOW Kineret® (ANAKINRA) IS DISTRIBUTED TO YOUR PATIENTS IS CHANGING

Dear Pharmacist:

Sobi Canada Inc. is changing its distribution model for obtaining KINERET. We are making this change in order to provide your patients with enhanced patient support services, including assistance with navigating reimbursement/insurance coverage, as well as direct-to-patient KINERET shipment.

As of April 1st, 2017, KINERET will only\* be available through the KINERET On Track Patient Support Program.

To help facilitate transition to the new distribution model, we have addressed some questions and concerns in the attached FAQs.

It is our goal to help your patients get the most out of their experience with KINERET.

Should you or your patients have additional questions or concerns, please contact **the KINERET On Track Patient Support Program** using the contact information below:

TEL: 1-866-204-3546FAX: 1-866-368-6511

• Email: kineret@patientassistance.ca

Or to connect with Sobi directly, contact Bob McLay at bob.mclay@sobi.com or 289-291-3852.

Regards,

**Bob McLay** 

General Manager

Sobi Canada Inc.

1155 North Service Rd. W. #11

Oakville, ON L6M 3E3

<sup>\*</sup> Kineret may be shipped to the patient's home, physician's office, other designated location, or dispensed at the patient's pharmacy. Note: KINERET is a temperature-sensitive product. It must be kept refrigerated (2–8° C) until it is ready to be used. Do not freeze or shake. Protect from light.

## **FREQUENTLY ASKED QUESTIONS**

- 1. Are there any availability issues with Kineret® (anakinra) due to changes in the distribution model?
  - There is no shortage of KINERET or change in its availability due to a shift to the KINERET On Track Patient Support Program. However, we recommend that your patients transition to the KINERET On Track Patient Support Program to ensure they continue to receive their KINERET, and to take advantage of all that the KINERET On Track Patient Support Program has to offer.
- 2. How/Where can I direct my KINERET patients?

Please direct your patients to:

• Call: 1-866-204-3546

• Email: kineret@patientassistance.ca

• See their physician
