PRODUCT AVAILABILITY: EDARBI and EDARBYCLOR – NOTICE TO PHARMACISTS

Valeant Canada would like to reiterate **the availability of Edarbi** (azilsartan medoxomil) and **Edarbyclor** (azilsartan medoxomil and chlorthalidone) **at your usual distributor**. Both Edarbi and Edarbyclor are available in 28-tablet blister packs.

Edarbi (azilsartan medoxomil) is an Angiotensin II AT₁ receptor blocker and **Edarbyclor** (azilsartan medoxomil and chlorthalidone) is the single-pill combination of Edarbi with chlorthalidone, a thiazide-like diuretic.
