

Re: **M-Eslon® IR to M-Ediat® Name Change**

Dear Healthcare Professional,

On July 21st, 2017 Health Canada approved **M-Ediat®**, the new name for our immediate release morphine sulfate capsules, currently available as **M-Eslon® IR**.

The product DINs, composition, dosage forms and packaging will remain unchanged with the switch to the **M-Ediat®** name.

M-Ediat® will be available from the wholesaler as of **December 2017**, in bottles of 50 capsules and blister packs of 20 capsules in the following 4 strengths:

5 mg (DIN 02320398)
10 mg (DIN 02320428)
20 mg (DIN 02320436)
30 mg (DIN 02320444)

M-Ediat® Now Covered under BC PharmaCare Program

M-Ediat®, morphine sulfate immediate release 5mg, 10mg, 20mg and 30mg capsules were added as eligible benefits to the British Columbia PharmaCare program, effective October 5, 2017. **M-Ediat®** will be included as a Full Benefit in the respective Low Cost Alternative (LCA) categories.

M-Eslon® IR, (M-Ediat®) Added to Alberta Drug Benefit List (ADBL)

Effective September 1, 2017, **M-Eslon® IR, (M-Ediat®)** morphine sulfate immediate release 5mg, 10mg, 20mg and 30mg capsules were added to the Alberta Drug Benefit List (ADBL).

The **M-Ediat®** prescribing information is available by calling Ethypharm Inc. at **1-800-347-1675**.
