SYRUP
SIROP

An **orange flavoured** antitussive cough syrup for symptomatic relief of cough

Only product in Canada with the active ingredient: **Clofedanol hydrochloride**; a non-narcotic antitussive that suppresses the cough reflex by a direct effect on the cough center in the medulla of the brain.

Unique product benefits:

- Can be used by children 2 years + & Adults
- Other antitussive APIs, Dextromethorphan and codeine, are not recommended for children < 12 years and may be abused
- Child resistant cap
- Non Drowsy

Medicinal Ingredient

Clofedanol hydrochloride (antitussive),
25 mg/teaspoon (5 mL)

Dosing

Children 2-6 years: One-half teaspoonful 3 or 4 times daily as required.

Children 6-12 years: One-half to one teaspoonful 3 or 4 times daily as required.

Adults: One teaspoonful 3 or 4 times daily as required.

Recommended Use

For symptomatic relief of cough.
