

MANY PATIENTS DON'T KNOW ABOUT AVAILABLE NON-PRESCRIPTION OPTIONS FOR ALLERGY SYMPTOM RELIEF¹

HELP YOUR PATIENTS MAKE THE RIGHT CHOICE THIS ALLERGY SEASON

ONLY

of your patients are aware
of OTC intranasal steroids
(INS), a first-line treatment
for moderate to severe
allergic rhinitis.^{1,2}

DID YOU KNOW?

of Canadians reported
their symptoms were
only somewhat, poorly
or not controlled.¹

**THESE ALLERGY SUFFERERS MAY BENEFIT FROM INSs, WHICH ARE
CONSIDERED THE MOST EFFECTIVE PHARMACOLOGIC TREATMENTS FOR
MODERATE TO SEVERE, AND PERSISTENT ALLERGIC RHINITIS.³**

Available without a prescription, FLONASE Allergy Relief is an INS which can relieve all major symptoms of allergic rhinitis.⁴

With a simple recommendation for FLONASE Allergy Relief, you can greatly improve the patients' lives. Bridge the gap in awareness about a non-prescription INS, so that your patients can get the relief they need this allergy season.

Learn more about FLONASE Allergy Relief and how it can give your patients all-day relief, all season long. Visit [FLONASEPROFESSIONAL.CA](https://www.flonaseprofessional.ca)

PRODUCT INFORMATION⁵

Indications and Clinical Use:

FLONASE Allergy Relief (fluticasone propionate aqueous nasal spray) is indicated for the treatment of the symptoms associated with seasonal allergic rhinitis including hay fever, and perennial rhinitis; and the management of sinus pain and pressure symptoms associated with allergic rhinitis.

Contraindications:

FLONASE Allergy Relief (fluticasone propionate aqueous nasal spray) is contraindicated in patients who are hypersensitive to fluticasone propionate, or to any ingredient in the formulation or component of the container, and patients with untreated fungal, bacterial or tuberculosis infections of the respiratory tract.

FLONASE Allergy Relief is not recommended for children and adolescents younger than 18 years of age.

Please consult the product monograph or call **1-866-994-7444** for information relating to adverse reactions, drug interactions and dosing information.
