

IMPORTANT INFORMATION
TEMPORARY SHORTAGE OF CYCLOMEN® 200MG (danazol)

Sanofi-aventis Canada Inc would like to inform you that Cyclomen® 200mg (danazol) is expected to be on temporary shortage due to API availability. The table below indicates the estimated depletion date and availability date.

DIN	UPC	PRODUCT	FORMAT	STATUS	
				Estimated depletion date	Estimated availability date
02018160	069508038007	Cyclomen® 200mg	100	March 26 th , 2019	May 31 st , 2019

The anticipated availability dates represent estimated availabilities at the main Sanofi warehouse. Availability dates at a customer's usual distributor warehouse may vary. Pharmacies are invited to communicate with their preferred distributor to obtain the product availability date. Patients should validate the availability of the product with their respective pharmacy.

We recognize the difficulties that this situation may cause for patients and health care providers, and apologize for any inconvenience resulting from this.

Please note that **Cyclomen® 50mg is still on shortage.**

We confirm that the following format is still available:

DIN	UPC	PRODUCT	FORMAT	STATUS
02018152	069508038106	Cyclomen® 100mg	100	Available

All efforts are being made to resolve the situation, and any update will be communicated on the www.drugshortagescanada.ca website. Should you have any questions regarding this situation, please do not hesitate to call Customer Service at 1-800-265-7927.
